

Healthcare Near Your Doorstep

Our wheelchair-friendly mobile health clinic offers infants, children and adults comprehensive care to keep families healthy.

- School/preschool physicals and vaccinations.
- Checkups and wellness care.
- Lab testing.
- Health screenings and connection to community resources.
- Suggestions for primary care doctors and other local services.

Visitors are seen on a first-come, first-served basis. Care providers will check and treat those most in need first.

In cases of bad weather, please check our online schedule for location changes.
