Attachments N/A

Purpose

A. To identify and assist those patients who are uninsured and who are financially eligible to receive discounts for specified medical expenses through the State of IL Hospital Uninsured Patient Discount Act (IL Public Act 095-0965).

B. Coverage is limited to services provided and billed by the Carle Foundation Hospital and Carle Hoopeston Regional Health Center’s hospital, both licensed under the Health Facilities and Regulation (210 ILCS 85/) Hospital Licensing Act.

Definitions

A. Generally accepted standards of medical practice:

1. Standards that are based on credible scientific evidence published in peer-reviewed, medical literature generally recognized by the relevant medical community;
2. Physician Specialty Society recommendations;
3. The views of physicians practicing in the relevant clinical area; and
4. Any other relevant factors.

B. Family/Household Size – includes those dependents listed on tax returns, divorce decree, or child support order. Defined by the IRS for tax filing purposes under section 36B (d) (1), “a taxpayer’s family consists of the individuals for whom the taxpayer claims a personal exemption deduction under section 151 for the taxable year. Taxpayers may claim a personal exemption deduction for themselves, a spouse, and each of their dependents. Section 152 provides that a taxpayer’s dependent may be a qualifying child or qualifying relative, including an unrelated individual who lives with the taxpayer. Family size is equal to the number of individuals in the taxpayer’s family.”

C. Resident – a person who lives in the state of IL and who intends to remain living within IL indefinitely. Relocation for the sole purpose of receiving health care benefits does not satisfy the residency requirement.
D. **Uninsured patient** – a resident who is a patient and is not covered under a policy of health insurance and is not a beneficiary under a public or private health insurance, health benefit, or other health coverage program, including high deductible health insurance plans, workers compensation, accident liability insurance or other third party liability.

**Statement of Policy**

A. Any uninsured patient who is a resident may apply for the IL Hospital Uninsured Patient Discount Program.

B. Certain identified patient populations are presumptively eligible for Carle Financial Assistance Program and do not need to apply for the IL Hospital Uninsured Patient Discount Program. Further detailed information is contained within the [Presumptive Eligibility Policy - AD355](#).

C. Carle desires that:

1. All patients be aware of the IL Hospital Uninsured Patient Discount Program and all other financial assistance available at Carle;
2. For those patients who are eligible to be identified as early in the care, treatment and billing process as possible; and
3. That the process is as simple as possible for the patient while still adhering to the regulations set forth in the State of IL Hospital Uninsured Patient Discount Act (IL Public Act 095-0965).

D. An application for government assistance must be completed if the patient appears to meet the eligibility criteria for such assistance. When appropriate, Carle staff or designee will use a screening checklist to assist in determining if the patient would qualify for government assistance.

1. Failure by a patient or responsible party to complete the government program application process and/or failure to cooperate during the application process will result in an automatic denial of financial assistance.
2. If the patient applies for government assistance, documentation of the determination from the government program is required for reprocessing of the financial assistance application.

E. Patients who may be eligible for certain third party assistance programs must cooperate with program requirements to maintain eligibility within the IL Hospital Uninsured Patient Discount Program.

F. The IL Hospital Uninsured Patient Discount amount is dependent on the applicant’s household gross annual income and family size compared to the published Federal Poverty Level guidelines at the time of application and the facility where the services were performed. Carle staff will determine if another financial assistance program would result in lower out-of-pocket expenses to the guarantor/patient.

1. For services performed and billed by the Carle Foundation Hospital, the household income cannot exceed 600% of the Federal Poverty Level.
2. For services performed and billed by the Carle Hoopeston Regional Health Center, the household income cannot exceed 300% of the Federal Poverty Level.

       * Other miscellaneous income sources.
     - If none of the above documents can be supplied, a written statement advising current household size and financial situation must be supplied.

G. The IL Hospital Uninsured Patient Discount amount is determined from the most recently filed Medicare cost report for the hospital where the medical services were provided. Charges are multiplied by 1.0 less the product of the cost to charge ratio multiplied by 1.35.

H. If approved for the IL Hospital Uninsured Patient Discount Program, the patient’s out of pocket expenses in a 12 month period will be capped at 25% of the household’s adjusted gross income (less child support payments).
   1. The cap does not coordinate with other hospitals outside of the Carle organization.
   2. The patient is responsible for notifying Carle’s Patient Financial Services office when their expenses might be close to exceeding this cap.

I. IL Hospital Uninsured Patient Discount Program is only for uninsured patients as defined within the Act. If a patient is found to have insurance, their application will be reviewed for other financial assistance programs that may be beneficial for the patient.

J. Patients must apply for the IL Hospital Uninsured Patient Discount Program within 60 days of date of discharge or provision of service. If approved, the patient is eligible for discounts for 12 months from date of approval.

K. Only billed encounters exceeding $300.00 are eligible for the discount.

L. Medical care that does not meet the generally accepted standards of medical practice as defined by the act and the Centers for Medicare and Medicaid Services is excluded from the IL Hospital Uninsured Patient Discount Program.

Procedure
A. Patients who may have financial challenges should be identified by Carle personnel as soon as possible in the registration, care, treatment and billing process.

Patients who fail to cooperate with the government program during the application process will automatically be denied for the IL Hospital Uninsured Patient Discount Program.
