AT THE CENTER OF
community
Wellness, research and patient support:
You are at the center of it all

When a family is in crisis, they need a safety net, a place to go for help. This is one of the first lessons I learned during my tenure with the United Way of Champaign County. But I never really appreciated the number of individuals and families facing a healthcare crisis until I joined the team at Carle last year.

Families with a critically ill loved one at Carle are in crisis. They often arrive at the hospital with no place to stay, only the clothes on their back and little knowledge of the community. Thankfully, their safety net is the Carle Auxiliary Guest House.

I toured the Guest House for the first time as a member of the Women’s Legacy Circle, years before joining Carle. I remember being overwhelmed by the warmth of the surroundings and the hospitality of the volunteers and staff.

The Guest House is a safe and peaceful respite for our families, and we have the generosity of many to thank for it. Charitable gifts helped build the house more than a decade ago, and charitable gifts keep the house open and free to families in crisis today.

It is very clear that charitable dollars touch the lives of nearly every person that steps foot on our medical campus.

In 2012, thousands of individuals donated more than $5.4 million in charitable gifts to Carle. In this report, you’ll read about the motivations behind some of these gifts. You’ll also learn how these gifts are being used. Whether it’s easing the fear of a family in crisis, providing comfort to a cancer patient or giving hope to the homebound, charitable giving is making a difference for patients at Carle.

Thank you for being at the center of it all.
At the center of expansion
Elizabeth Hosick, MD, considers herself fortunate. When she completed her medical degree, she searched for a college town with a library and an opening for an anesthesiologist. She found Carle at the center of her search.

“When I started my career, there weren’t many women in the same field,” she says. “Carle was very good to women. I practiced here for 25 years before retiring in 2002.”

When a dear friend of hers was hospitalized at Carle and required physical rehabilitation, Dr. Hosick knew she had to do something for Carle, not only in gratitude for 25 years of employment but also in response to a need she witnessed firsthand.

“The rehab staff at Carle was amazing but they just didn’t have the space or equipment they needed,” she observed. In 2012, she made a $3.5 million commitment to Carle to help renovate and expand the hospital’s rehabilitation space.

The Elizabeth C. Hosick Rehabilitation Center will include expanded square footage, all private patient rooms, a low-distraction gym and an upgraded patient/family waiting area. Construction is slated to be complete in the summer of 2015.

“Collegiality between patients is important in a rehabilitation center,” Dr. Hosick explains. “This new center will have a well-equipped central treatment room and not just patient rooms.”
AT THE CENTER OF comfort
Lollipops aren’t just for kids. Just ask Jackson, Jama and Joshua Craig. Their father, Chris Craig, loved lollipops. “Dad always grabbed a sucker whenever he saw a bowl full,” Jackson said. “Suckers cheered him up.”

Chris was diagnosed with kidney cancer at age 34. After having his kidney removed, Chris opted for the most aggressive treatment plan and became a familiar face at Carle Cancer Center. “Chris found suckers to be soothing for his dry mouth during treatment,” his wife Amy said.

Chris lost his battle with cancer on April 10, 2012. Now lollipops are therapeutic to the Craig family.

“The kids know their dad liked suckers, and they know he liked to help people,” Amy said. “Delivering giant bags of suckers to Carle Cancer Center is something they can do to help others.”

A few months after Chris’ death, the Craig family delivered more than just lollipops to the Cancer Center. They delivered a check for $25,000 – the result of an all-day fundraiser in Chris’ memory. The money will be used to benefit patients in treatment.

“Chris would be amazed and so honored that his family, friends and community are keeping his memory alive,” Amy said. “He would be thrilled that he is still able to help others, whether it’s with a lollipop, a blanket or a new refrigerator for the Cancer Center.”
AT THE CENTER OF

sports medicine
**Surgeon’s donation keeps Carle staff ahead of the curve**

Robert Bane, MD, didn’t plan to move from Madison, Wisc., where he lived and worked since his internship and residency. But when presented with the opportunity to work in Sports Medicine and Orthopaedic Surgery at Carle, he embraced the return to his hometown.

Dr. Bane joined Carle in 2004 and was impressed with the staff’s team approach to care, led by Robert Gurtler, MD. The rapport he now shares with his fellow physicians and staff is still part of what makes his work enjoyable. “I am surrounded by top professionals everywhere I go, and that makes my job fun and much easier,” Dr. Bane said.

To demonstrate his appreciation, Dr. Bane and his wife Amy made a generous contribution to Carle’s Sports Medicine Fund.

Continuing medical education is at the center of Dr. and Mrs. Bane’s gift. Since October 2011, the funds have paid for 21 conference registrations and five memberships to the National Athletic Training Association.

“I have been blessed in so many ways and have much to be thankful for. I wanted to do something for the trainers who put in long hours and provide remarkable support to our team and patients,” he said. “This donation will not only provide an incentive and pathway to enhanced educational opportunities but will also allow Carle to sustain its reputation for having top-notch experts.”
AT THE CENTER OF

home
Returning to the past through a gift to the future

David Webb, MD, is a family physician in Mahomet. For the last 25 years, he’s cared for Gloria and Richard Rayburn. And for the last 25 years, the Rayburns have cared for Carle, making annual contributions.

In Spring 2012, the Rayburns wanted to do something for Carle on a grander scale. They decided to honor Dr. Webb with a $50,000 gift – $1,000 for each year he has cared for each of them. “Dr. Webb is a special physician,” they said. Their gift launched a pilot project led by Dr. Webb: physician house calls for homebound patients in and around Mahomet.

“House calls inspired me to go into medicine,” Dr. Webb said. “I always felt cared for when a physician came to our house. I want to bring that back. I want to take care of those who can’t easily come into the office, and I want to do it with updated technology.” According to Dr. Webb, house calls went by the wayside when physicians could not offer the same level of care in the home as they could in a medical setting.

At the center of this project is Dr. Webb’s plan to expand the services historically performed by a physician during a house call. He and a staff member will access medical records electronically, perform EKGs, monitor oxygen saturation levels, and draw and test blood on the spot, allowing him to make quicker clinical decisions.

The Rayburns’ gift will be used as seed money to get the project off the ground.

“The Rayburns are wonderful patients who have blessed us with this gift,” Dr. Webb said. With additional investors to the house call program, Dr. Webb envisions more physicians at the Carle – Mahomet facility offering this service.
AT THE CENTER OF progress
When David Morse, MD, arrived at Carle in 1967, patients recovering from heart attacks were put to bed and told to rest. “Doctors didn’t embrace the concept of getting patients out of bed quickly and onto a treadmill,” Dr. Morse recalls.

As one of Carle’s first cardiologists, he knew the quicker a patient with heart problems gets out of bed, the better they do. Now, cardiac rehabilitation at Carle starts on day one thanks to Dr. Morse. He helped formalize Carle’s cardiac rehabilitation program in 1980.

In honor of his role and their strong belief in the importance of cardiac rehabilitation, Dr. Morse and his wife established the Dr. David and Nancy Morse Cardiac Rehab Fund. Their gift will be used to strengthen Carle’s Cardiac Rehabilitation program by funding capital needs, education, patient care and research.

“Cardiac rehabilitation is not a breakthrough specialty, but we both believe it’s just as important for quality of life,” Nancy explains.
AT THE CENTER OF support
The Carle Auxiliary has been at the center of Carle’s dedication to patient care and comfort for more than 50 years. In April 2012, three years of thoughtful planning resulted in the much-anticipated grand opening of the Carle Auxiliary Resale Boutique.

The Carle Auxiliary Resale Boutique offers donated merchandise such as clothing, home decorations, games and more. Proceeds from sales benefit Carle patients and families through a variety of facilities and services. Many of the store’s fixtures and display pieces are recycled materials, and unsold items are sent to other charitable organizations.

When the Resale Boutique opened, Carle Auxiliary retail manager Donna Sant was excited to see it succeed. “We have received great support from Carle employees and have established regular customers. We also have a wonderful group of dedicated volunteers who keep the boutique running,” she said.

A portion of the boutique’s profits supports the Carle Auxiliary Guest House, a home away from home for families of critically ill patients. April 2013 marked the 10th anniversary of the Guest House, and the Resale Boutique is yet another way the Auxiliary can continue offering this service free of charge for years to come.

“We hope to eventually expand, continue to grow our donations and be open at least six days a week so we can provide more support to Carle. We want to help fund services for patients and loved ones that make their stay at Carle as comfortable as possible,” said Kay Drew, Auxiliary president.

Located at 810 W. University Avenue, Urbana, the Carle Auxiliary Resale Boutique is open for shopping and donations Tuesdays and Thursdays, 10 a.m.–5 p.m.; Saturday, 9 a.m.–5 p.m.; and Sunday, 11 a.m.–4 p.m.
AT THE CENTER OF generosity
Thanks to the vision and generosity of thousands, Carle continues to grow and serve the healthcare needs of communities throughout east central Illinois. From January 1 to December 31, 2012, our generous donors contributed $5,464,747 to Carle.

### Charitable Giving

The Founders’ Society recognizes cumulative giving among members of the Carle Circle of Friends. The collective support of these individuals enables Carle to remain innovative and respond to the rapidly changing face of medicine. We gratefully recognize the following individuals, businesses and organizations.

The 10th year of Employee Giving was our best yet, with two broken records: the most money raised and the greatest participation ever.

1,182 Carle and Health Alliance employees (that’s 21 percent) donated a total of $262,158 – exceeding our goal by 12 percent. Thanks to their generous donations, these seven programs received funding:

Child Life Program
Guest House Pantry
Mastectomy Care Bags
Technology for Carle Auditory Oral School

Food Allergy Education Program
Handheld Showerheads for North Tower 4
Prescription Assistance

We applaud the employees listed here, as well as many anonymous donors, for their 2012 contributions:

- Champaign Country Club Ladies Golf Association
- Champaign County Tent & Awning
- Champaign Rotary
- Chicago Office Technology Group
- Commerce Bank
- Coulter Companies Inc.
- County Market Urbana

---

**2012 Carle Golf Open**

The 2012 Carle Golf Open continued its philanthropic legacy by generating support for two important services that set Carle apart: the Expanding Children’s Hearing Opportunities program and the Carle Auxiliary Guest House. Thanks to more than 60 sponsors and 212 golfers, the event raised $128,000 – which brings the total funds raised by the golf outing to more than $2.5 million since 1986.
When women unite to make a difference, the results are powerful. The Women’s Legacy Circle is a program of our Women & Philanthropy initiative. These women pool their interests, compassion and resources to help address healthcare issues facing the community.

In November 2012, the Women’s Legacy Circle awarded $57,162 to the following projects:

- Helping Families through Grief
- Biodex Unweighing System
- Infant Fire Safety
- Family-Centered Pediatric Sleeper Couches
- Driving Simulator
- Dental Emergency Education and Referral Program
- Rockers, Rollers and TVs at Carle SurgiCenters

To date, the Women’s Legacy Circle has given more than $200,000 to healthcare programs in our region. We are honored to recognize the generosity, compassion and commitment of the following women who gave $500 in 2012 to fund programs supported by Carle that add value to our community.
Margaret Carle Morris Society members give through various methods, including bequests, charitable gift annuities, charitable trusts, gifts of real estate with a reserved life estate, and gifts of life insurance. We gratefully recognize the following members:
